

## Tenbury Community Pool

### March 2023 Update

#### Tenbury Community Pool

- TCP have welcomed two new trustees. David Hall come with a wealth of experience in business and project management and Jane Crabtree, whose family have used the pool for many years, is passionate about community involvement. Both are members of Tenbury Swimming Pool and take full advantage of the facilities that are offered.
- The energy saving and carbon reduction measures and still being planned after securing the funding required for Windows, Solar panels, and boilers. TCP are working hard to ensure that the summer solar electricity generation is not missed!
- TCP have removed a tree adjacent to the pool, with permission from TTC, in preparation for the additional solar panels and are applying for permission to sell back excess electricity to the grid.
- Unfortunately, TCP have also been advised that the ageing main water pipe to the pool needs replacing and are working with TTC and Severn Trent to plan its replacement. Once again TCP will need to secure funding for this preventative work.

#### Freedom Leisure Tenbury

- The range of non-negotiables introduced by FL, with support from TCP, have helped to reduce the impact of the energy price increases. TCP and FL recognise that this may have impacted on the customer experience, especially the pool temperature, but are committed to ensure that the Tenbury swimming Pool has a future.
- Quarter 3 Electricity usage showed a 35% decrease in usage compared to the previous year, despite lower solar energy due to the winter and 25% year to date reduction.
- Quarter 3 gas usage showed a 31% reduction despite cold weather and a fantastic 46.7% year to date reduction.
- Freedom Leisure Tenbury welcomed Alex Heron as the new General Manager following the promotion of Tom Mansfield as General Manager of Perdiswell, in Worcester and look forward to working with Alex in the future.
- New sessions at the Swimming Pool include Pilates and race swimming stroke improvement for those wishing to improve their Triathlon water skills and additional funding for two years has been secured for the successful Friday Night Project from MHDC.
- The swim school continues to attract new young members wishing to learn to swim and improve their skills.
