

Pool News - February 2025

Meet the TCP Trustees the Trustee Drop-In sessions in January were a great success. The underlining message was that our members are very proud of Tenbury Community Pool.

The Trustees received many suggestions that gives them an opportunity to make adaptations that will make the overall member experience a better one.

We listened to your feedback and changes are being made. Some big, some small. These includes window etching to reduce glare for staff and swimmers when it is sunny, an extra hairdryer in the ladies changing room, shower repairs completed, a new recumbent bike and repairs to the rowing machine. Lockers have been ordered for the gym and progress is being made to ensuring that we have a cleaner centre.

Lots more to follow in the coming months.

Can you help? One of the final jigsaw pieces in the quest to be fully accessible compliant is to refurbish the spectator toilets and staff rest room. Tenbury Town Council have provided a generous grant, but we need a few more pledges of support before we can start. Our wish list includes:

2 Baby Change Units £99.98 each, RSJ £350.00, Building Materials £341.00 Mirror £60.00, Accessible toilet, sink and Handrail Pack £375.00

If you would like to donate or have any ideas for fundraising for these items, please email TCP or phone 07866704841.

You are invited to the TCP Annual General Meeting on Wednesday 5th March at 7.00 p.m.

Venue: Tenbury Community Pool Studio.

An overview of the charity's work over the last year, key successes, challenges, risks, and plans for the future.

Email TCP at info@tenburypool.co.uk or phone 01584 819653 if you have any suggestions or can volunteer to help us to maintain the Tenbury Swimming Pool for future generations.
