

## May 2024 Pool News Supporting the Community

### Tenbury Community Pool working with Edinburgh Napier University.

The trustees and staff of Freedom Leisure have helped 4 students to investigate the impact of the energy saving measures undertaken at the pool and how the trustees, staff and members can further reduce the carbon footprint of the facility and its members. They understand the rural nature of our community and the disadvantages of limited public transport and have recommended:

- ✓ Additional solar PV panels with battery storage and improved cavity wall insulation
- ✓ Reducing the need for chlorine by improving the filtration of the pool water
- ✓ Destratification fans in the swimming pool roof to recirculate hot air
- ✓ Members to consider walking, car sharing and cycling to the pool
- ✓ Working with the council to promote safe cycle routes and cycle storage
- ✓ Planting trees around the Palmers Meadow for visual appearance and improved air quality
- ✓ Encouraging members to use fitness apps

What changes could you make?

With thanks to: Aaron McGregor-James, Adam Laing, Andrew Lindsay, Daniel Jones
